

Spencer Coggs
City Treasurer

James F. Klajbor
Deputy City Treasurer

OFFICE OF THE CITY TREASURER
Milwaukee, Wisconsin

Tax Collections

Under Wisconsin State Statutes, the Milwaukee City Charter, and Milwaukee Code of Ordinances, the City Treasurer is responsible for the collection of property taxes, including delinquent taxes, for all six taxing jurisdictions within the City.

The City Treasurer has been extremely successful in the collection of property taxes and has achieved an average collection rate of 99.15% of the City's total property tax levy by the end of the tax enforcement cycle for the 2003 to 2011 tax levies. This is one of the best property tax collection rates in the country.

The department attempts to collect all delinquent property tax accounts by every means available prior to pursuing a foreclosure action. This approach has achieved an average collection rate of 91.19% of the City's delinquent property taxes by the end of the tax enforcement cycle for the 2003 to 2011 tax levies.
